# Wireless Connection

Make the following connection if you are using a wireless router.

## ADSL / CM

(Asymmetric Digital Subscriber Line / cable modem)

For more information on connections, refer to the Owner's Manual.

# Network Operations

To use the network features, you must visit the following websites on your PC and create accounts to rent or buy movies / TV episodes and watch them streamed instantly via the Internet.

Visit [netflix.com/FUNAI](http://netflix.com/FUNAI)

Visit [www.cinemanow.com/Login](http://www.cinemanow.com/Login)

Visit [www.blockbuster.com/auth/login](http://www.blockbuster.com/auth/login)

No accounts needed for vTuner

\*If you couldn't find your wireless network router...

Please enter the security key of the wireless router.

Then go back to the step.

## Note

- Please confirm the encrypted format and SSID by your wireless device's user manual.
- Please confirm your wireless router is updated with the latest software.
- Please make sure your wireless router and network connectivity with other devices (such as a computer) is working.
- If the several network access points are found in searching the wireless network, select the one in current use.
